

Southbound Novi Road Between 9 Mile and 10 Mile Roads Has Been Reopened

It has been informed that Novi Road has been reopened in some areas after renovation and construction from the past few months. According to John from The Oakland Press, “Southbound Novi Road between 9 Mile and 10 Mile Roads has reopened after culverts were replaced, but northbound Novi remains closed, according to county road commission officials.” This is *only* applicable to southbound Novi Road, as mentioned. It has also been noted that the work on the roads is for safety improvements on Novi Road.

Detours Available

Do not go directly on northbound Novi Road. Instead, use the detour from Ten Mile Rd to Meadowbrook Rd to Nine Mile Rd, back to Novi Road and vice versa.

Thanks for tuning into this important information. Stay safe while on the road!
